

**Environmental Checklist for New Processes and Materials (F-004.01)**

Check one:

- New Process
- New Material (attach copy of Material Safety Data Sheet, if applicable)

Description of new process/material :

New process/material considerations:

INPUTS	OUTPUTS
Energy:	Point Sources Air Emissions:
Water:	Fugitive Air Emissions:
Materials:	Process Wastewater Discharge:
Supplies/Consumables:	Storm Water Discharge:
Chemicals:	Solid Materials
	Noise/Odor/Radiation/Traffic/Aesthetic/Land Use/Land
	Spillage and Other

SIGNIFICANCE DETERMINATION	Yes	No
Legal or other requirements?	<input type="checkbox"/>	<input type="checkbox"/>
Community concern?	<input type="checkbox"/>	<input type="checkbox"/>
Material reduction or pollution prevention potential?	<input type="checkbox"/>	<input type="checkbox"/>
Potential impact to the environment?	<input type="checkbox"/>	<input type="checkbox"/>
Please explain:		
<b>ADDITIONAL CONSIDERATIONS (please explain)</b>		

Initiating Activity Manager (Signed and Dated)
Environmental Management Representative (Signed and Dated)
